Objet: Flash info Technique : Evolution logiciel carte J.BUS LON (CE00467-CE00467G) -
V1.10

Importance: Haute

Bonjour,

Le logiciel de la carte J.BUS LON (CE00467 – CE00467G) évolue et passe en [Version 1.10](#)

L'amélioration apportée concerne l'ajout d'un « compteur de présence » des UT surveillées (Demande du Client SNECMA à Rouen)

Cette nouvelle version est dès à présent disponible sur l'[Intranews](#)

Merci de diffuser largement cette information auprès de tous vos collaborateurs

A votre disposition pour tout complément d'information,

Bruno CHAPUIS
