Objet: Flash info Technique : Liens sur nouvel Intranet (Intranews, Université, GED...)

Importance:

Haute

Flash Info Technique

Généralités

Bonjour,

Suite à la mise en œuvre du nouvel Intranet, vous trouverez dorénavant les liens vers IntraNews, Université, GED, etc... dans la rubrique « ACE & Qualité »

N'hésitez pas à vous créer également des raccourcis sur vos bureaux :

- Portail d'info technique - **IntraNews** : <http://kfrcea01/intranews/>
- Portail des formations internes - **Université UTCFS** : <http://kfrcea01/universite/calendar.php?op=cal&typecatview=0>
- Documents techniques produits et qualité - **GED** : <http://kfrcea03/vdocopenweb/asp/navigation.asp?refnav=Accueil&sessionid=A3CE54E5-6CA3-4F78-954C-B553D2600937>

The screenshot shows the United Technologies intranet homepage. At the top, there's a banner with the company logo, a sunburst graphic, and the text "Cool ACCESS". Below the banner, there are navigation links for "Our Company", "Resources", and "Archive". A search bar says "Search this site...". On the left, there's a "MESSAGE" section featuring a photo of a man and the text "Lancement programme Convergence". Below it is a "DÉPARTEMENTS" dropdown menu with options like "Accueil", "Commerce", "Communication & Marketing", "Opérations", "EH&S", "Aee & Qualité" (which is circled in red), and "Informatique". The main content area has a heading "CHUBB, COFISEC, SICLI" and a large image of an office interior. To the right, there's a "LIENS RAPIDES" sidebar with links to "Google", "Sites Internet", "Tous les workflows", "Ethique", and "OUTILS". Further down, there's a "Suggestions" section with a photo of a suggestion box and a "SUGGESTIONS" button. The footer includes links for "Aee & Qualité", "Informatique", "Ressources Humaines", and "Espace Qualité & ACE".

Merci de diffuser largement cette information auprès de tous vos collaborateurs

A votre disposition pour tout complément d'information,

Cordialement,

Bruno CHAPUIS
